

HOW TO USE ZOOM

Hello! Because of the coronavirus/COVID-19 pandemic it is necessary to change how we meet. I hope that this guide helps you to connect with me (or your other providers) on the Zoom app. Zoom is an app that is supposed to help us communicate securely.

WHAT YOU ARE GOING TO NEED

A "SMART" PHONE

With a front-facing camera
(Like an iPhone or Android)

INTERNET SERVICE

Such as Wi-Fi or a Cell Phone Plan with
Unlimited (or lots of) Data

YOUR PROVIDER'S
ZOOM MEETING ID NUMBER

If you don't have this,
call your clinic to get it.

STEP 1: DOWNLOAD ZOOM

On the App Store
(iPhone) or Play
Store (Android),
search for Zoom.

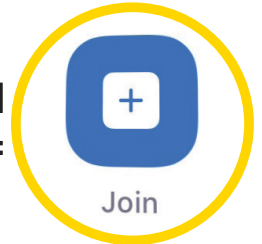

THE ICON WILL BE BLUE
AND LOOK LIKE THIS:

STEP 2: LAUNCH ZOOM

After it is done installing, launch the app and
select "Join".

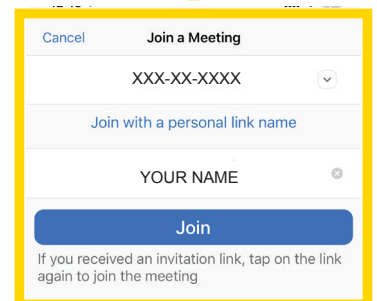

THE "JOIN" BUTTON
WILL LOOK LIKE THIS:

STEP 3: JOIN OUR MEETING

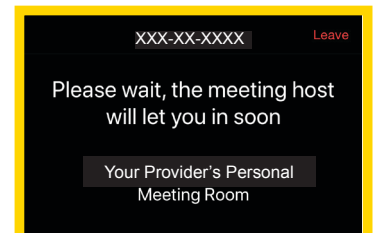

Where it says "Meeting ID", type in my Personal Meeting ID.

Where it says "Screen Name", type in your Name.

STEP 4: PATIENTLY WAIT

If you entered the correct Meeting ID, you will see a message
to "Please Wait, The Meeting Host Will Let You In Soon"

THAT'S IT! I (or your provider) will be with you, shortly!
